History

The Regatta is based at CEAR La Cartuja Rowing Centre.

Since the first edition in 2017, the participation of the different countries has been increasing exponentially. In 2024, we have reached almost 1000 participants from 18 different countries.

With thousands of attendees, the Seville International Masters Rowing Regatta provides the opportunity to reach a wide, diverse audience, passionate about sport, culture and tourism.

Why Sevilla?

It has the third largest historic centre in Europe and his Guadalquivir River, with a 2,000 metres Rowing Track situated right in the historic centre of the city, and is also accessible by vehicle, even on foot or by bicycle, which is an additional attraction for all participants.

Racing will be held on the Guadalquivir River, were the World Rowing Championship 2002, the European Rowing Championship 2013, The World Rowing Awards 2024 took place and were will be organized the I World Cup May 29-31, 2026.

This rowing track is outstanding for its warm and calm water. In addition, its northern end is protected from winds and tides, making it an ideal and placid environment for training and competing.

On the chosen date, the weather conditions are exceptional, the average temperature is 20°C (68,0°F) and a rainfall of 16mm.

Regatta Course

The Rowing Track has 8 lanes available, 7 for races with a warm-up and cool down area. A large boat park for almost 500 boats. Also has 2 outgoing pontoons and 2 incoming pontoons which allows races to be held every few minutes.

Umpiring

- A staff of 20 professional rowing judges will be in charge of carrying out the regattas.
- Zonal Umpiring positions shall be used, in order to eliminate motorboats waves.
- There are normally no motor boats following the competitions. The number of such boats in the water will be minimal, just enough to insure safety and efficient operation and maintenance of the course.
- There will be an umpire in the first 200 meters, the following in the 500 meters and another in the 750 meters, that will end the races.
- The Races Start will be used with Traffic Lights System.
- The current regulations of the Spanish Rowing Federation (FER) will be applied.

Rules and Regulations Regatta

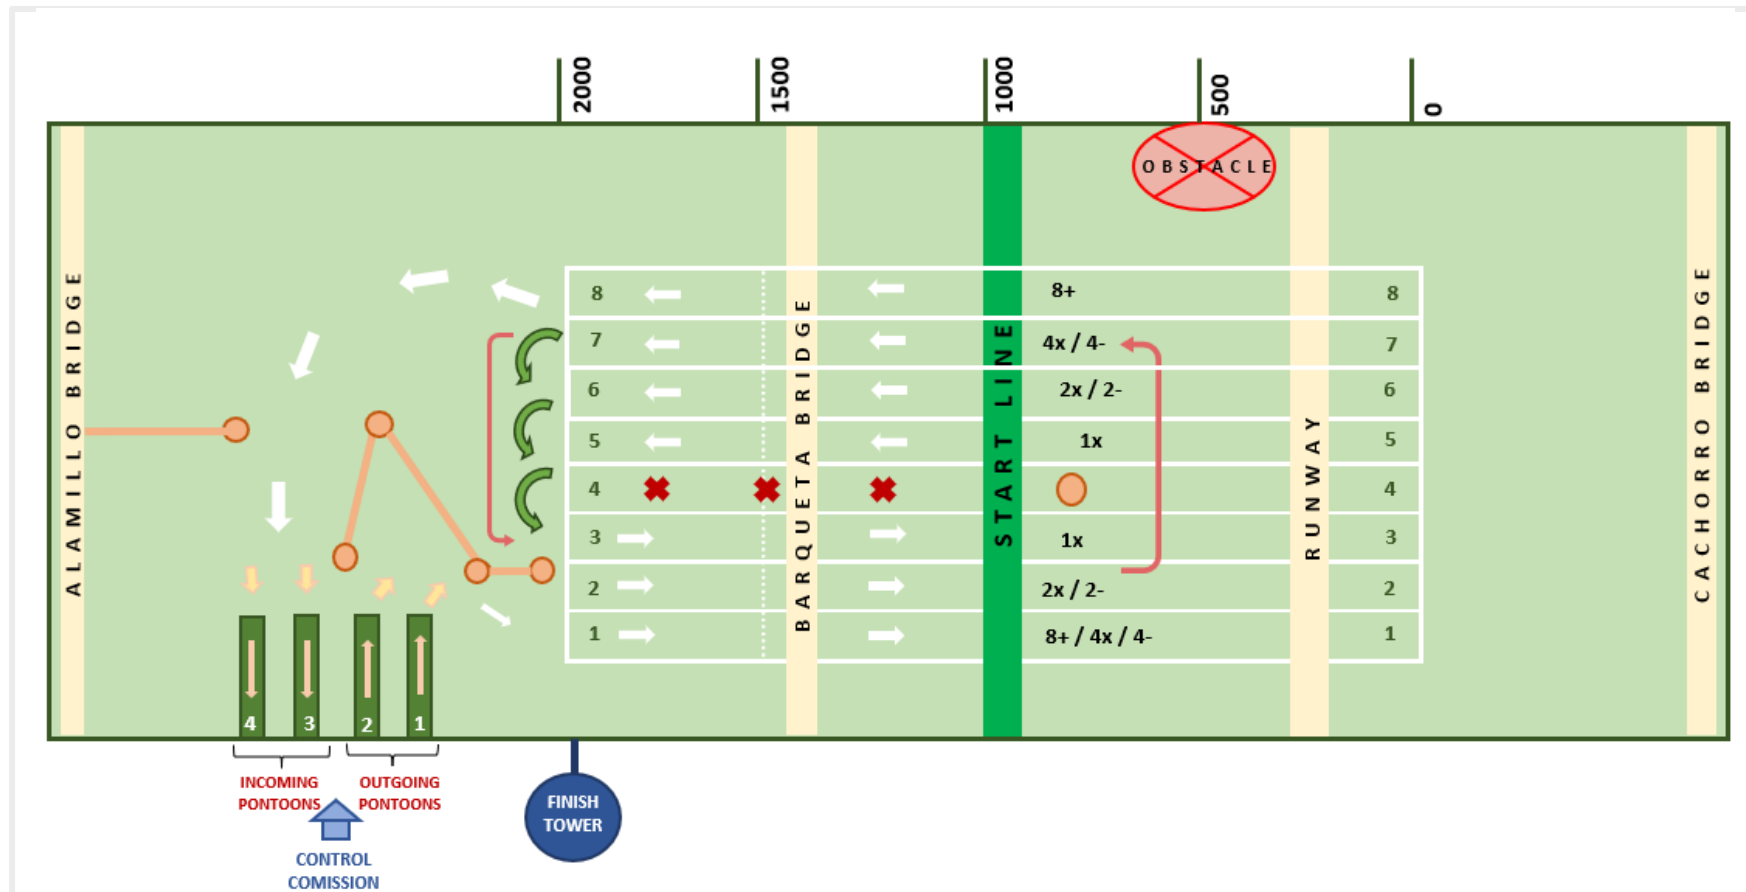

- The current regulations of the Spanish Rowing Federation (FER) will be applied.
- There is no progression system so a medal is awarded to the winner of each race and category.
- The coxswain age does not apply to make the category of the crew.
- The gender of the coxswain is indifferent.
- There will be no coxswain weighting.
- The Mixed teams must be formed at least by 50% of women.
- There is no damage zone (first 100 meters appendix 20. Regulation 13 FISA rules).
- The participant must show his I.D card or Passport at his embark, to verify its identity and its age. It can be substituted by a photocopy.
- Uniformity is required, but not contemplated for mixed crews (different clubs).
- The bow numbers are obligatory in races.
